**Abstract:-** This scientific research based article focus that “**NEUTRINO MILK**” shall be considered as the Natural Product of “**J-RADIATION**”. The J-Radiation in the cosmic universe shall be considerer having capability to product large amount of Neutrino milk in the space.

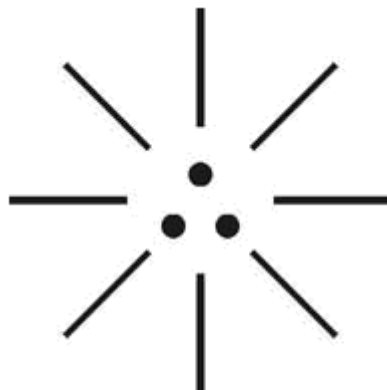

The Neutrino milk shall be considered as have been produced in the so called **expanding universe** at specific “**TIME**” and “**SPACE**”. The point of time when neutrino milk was produce in the universe shall be called as “**MILKY REVOLUTION**”. In Prehistoric Tamil the milk revolution shall be called as “**CHEI CHUTRU**” (chei + chutru).

- (i) “**CHEI**” shall mean “**INFANT**”
- (ii) “**CHUTRU**” shall mean “**REVOLUTION**”

### (MILKY REVOLUTION)

The physical state of Neutrino milk shall be considered exist like “**white plasma cloud**” and hence the neutrino milk shall also be called in prehistoric tamil as “**MUKKIL**”. Mukkil shall mean “**White plasma milk**”.

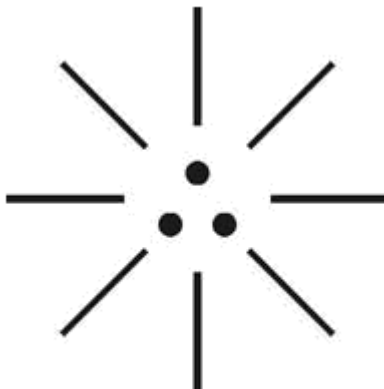

### (NEUTRINO MILK)

The neutrino milk shall be considered as highly “**Nutrient food**” composed of “**three-in-one**” fundamental neutrino particles **proton, electron, photon**. These particles shall also be considered as **white particles** having high **immunity**.

Further in the expanding universe the various types of milk shall be considered evolved called as “**CROP MILK**” in three nuclear Evolution. The crop milk produced in three nuclear evolution shall be classified under **three nuclear family** as stipulated below:

- i) “**BLUE EVOLUTION**” – “ $\gamma$  family milk”
- ii) “**GREEN EVOLUTION**” – “ $\beta$  family milk”
- iii) “**RED EVOLUTION**” – “ $\alpha$  family milk”

### (Three Milk Family)

It is speculated that the new theory focused on “**Neutrino milk**” shall provide solution to the current misconceptual theories about “**Dark hole**”, “**White hole**” formation and existence in **Quantum physics**.

*“The so called milk produced during white revolution (around 1960s) under “**AMUL BRAND**” and current strategy of milk production for uplifting the social status of farmers and rural economy under various brands shall be considered as 3<sup>rd</sup> generation  $\alpha$  family milk”. -Author*

### **I. INTRODUCTION**

In the history of human, different types of “**Revolution**” were considered initiated such as **white revolution, Blue revolution, Green revolution, red revolution** during different occasions. White revolution refers to rural development and uplifting the economy status of rural farmer populations. The various strategies such as producing milk in large scale and dairy development, strengthening state co-operative milk producers federation, etc..

In **Iran**, the concept of white revolution refers to **series of reforms** taken (in 1963) by “**Shah Mohammed Reze Pahlavi**”. It was intended to be “**non-violent**” regeneration of **Iranian society** through economic and social reforms.

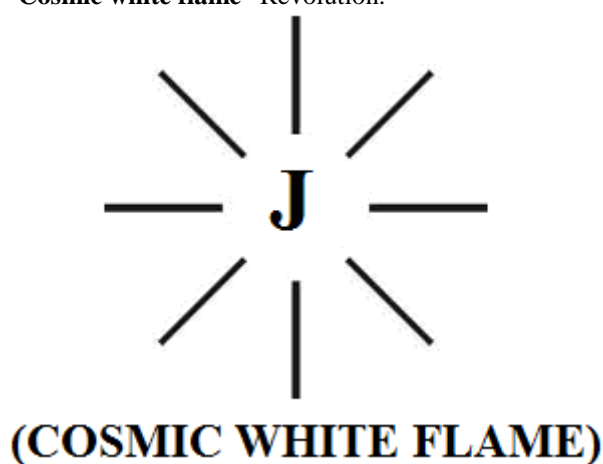

In India “**Dr.VargheseKurien**” regarded as the **father of White revolution**. In India, Gujarat and Rajasthan achieved excess production of milk in **1970**. The white revolution strengthened the milk co-operative movement under brand name “**AMUL**” (Anand Milk union Limited) and made **INDIA** as the “**World’s largest**” milk producing country.

Further this white revolution slowly gained much popularity in world level and Amul has agreed to assist **World Bank** in replicating operation food in **African Nations**.

The “**Green revolution**” refers to production of cereals, wheat, rice during 1960s and 1970s because of better seed and new agricultural technology. Similarly the “**Blue revolution**” considered as Water equivalent of green revolution for producing water for drinking, crop irrigation needed for many millions of people world wide. The “**Red revolution**” considered as taken place in **Russia** for development of **Russian society** having their own strategies.

In this research article it is focused that the philosophy of various types of “**Human revolution**” shall be considered as derived from the philosophy of “**J-Revolution**” of milky way and **Nuclear revolution** took place in the **early universe**.

In the early universe various regions of “**milky way galaxies**” shall be considered evolved due to impact of “**J-Radiation**” or “**Cosmic white flame**” Revolution.

*“The formation of large scale of **WHITE PLASMA CLOUDS** regions in the universe (milky way galaxies) shall be considered as based on revolution of **J-RADIATION**. The white plasma clouds shall alternatively be called as “**NEUTRINO MILK**”. - Author*

### III. HYPOTHESIS

**a) Philosophy of white plasma clouds?...**

It is hypothesized that the white clouds shall be considered as the “white plasma matter” created from J-Radiation (white flame). The J-Radiation shall be considered as composed of Billions of Absolute white rays. Each ray shall be considered as composed of fundamental three-in-one Neutrino particles **Photon, Electron, proton** called as **J-CELL**. The fundamental particles shall be considered as **coexist always** and can’t be further sub-divided. The source of J-Radiation shall be considered as originated at “**SPECIFIC POINT**” of Cosmo universe and derived from “**dark matter**”, “**dark energy**” of universe.

**b) Philosophy of J-Beam?...**

It is hypothesized that “**J-Beam**” shall be considered as the source of J-Radiation having billions of “**MINUTE HOLES**” Each ray shall be considered emitted from each hole representing genetic structure of each **created matter** of universe initially. Every ray shall be considered as having well **defined genetic structure**. With minute variation in **mass** in the fundamental neutrino particles (J-CELL). Further the neutrino particles

shall be considered displaced symmetrically and subject to sustained oscillations to keep the matter of the universe under equilibrium condition. The sustained oscillation shall be considered as “**Neutrino Revolution**”

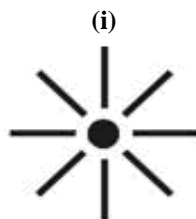

The fundamental particles shall be considered as having fundamental energy say **Electric, Magnetic, Optic** and having definite polarity and under the strong gravitation force of “**Dark flame**”.

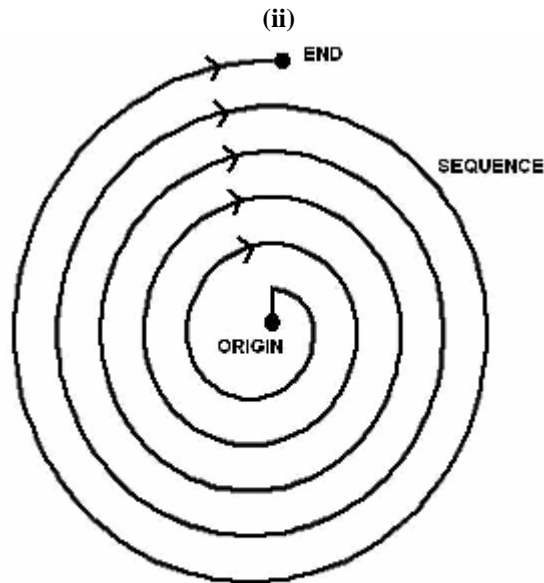

c) **Philosophy of Milky way galaxies?...**

It is hypothesized that in the expanding universe, during the course of “**SPACE**” and “**TIME**” three milky way galaxies shall be considered “**evolved**” in three “**Nuclear evolution**” say **BLUE EVOLUTION, GREEN EVOLUTION, RED EVOLUTION**”. The three milky way galaxies shall be considered belong to three distinguished families having different property and different genetic characteristics existing under different pressure, temperature, density.

*“MILKY WAY shall be considered as “REVOLUTION”. GALAXIES shall be considered as “EVOLUTION” and species to white galaxy due to impact of Human Involvement”*

- Author

**d) Philosophy of model Cosmo universe and galaxies?...**

It is hypothesized that the Cosmo universe shall be considered as “TOTAL” and existence of galaxies shall be considered as “PART” within the Cosmo universe. Alternatively the whole Cosmo universe shall be considered like a “GIANT HUMAN” and existence of Milky way galaxy and three species galaxies shall be considered like “BELLY” of giant human or like a MOTHER carrying her “INFANT” in her UTERUS. In prehistoric Tamil the Cosmo universe shall be called as AKKILEM (AKKIE + EZHEM). “Akkie” shall mean “Dark flame”; “Ezhem” shall mean “White flame” region.

e) **Sun, Earth, Moon, Mars are stars?...**

It is hypothesized that the existence of sun, earth, moon, mars shall not be considered as elements of so called “**solar system**” in the galaxy. In fact the whole Cosmo universe shall be considered as “**GIANT HUMAN**” and sun, earth, moon, mars shall be considered like **organs**.

**(GOD)**

- i) **Mars – heart (J-Radiation)**

The present day material universe (Region III) shall be considered containing. Initially created matters, and newly evolved matters (species) in three nuclear evolution say Blue evolution, green evolutions, red evolution. In prehistoric Tamil the giant human shall be called as “**Akkilen**”. Akkilen shall mean “**GOD**”, **DARK PERSON**.

f) **Human ancestor evolved from APES?...**

It is hypothesized that Human, Apes shall be considered as the distinguished **created matters** of “**GOD**” from “**J-Radiation**”. Further human and apes “**evolution**” might have occurred as species in three Nuclear evolution in their respective **lineage**.

- i) **White revolution – Human origin**

Case study shows that the etymology of word “**Milky way**”, “**galaxy**” might be derived from Greek word “**galactose**” meaning milk. It is hypothesized that the philosophy of milky way, galaxy might be derived from prehistoric tamil phonetics “**Mukkil**”. Mukkil shall mean “**white plasma cloud**” composed of “**Three-in-one**” fundamental neutrino particles. Mukkil shall also be called as “**Neutrino milk**”.

**(MUKKIL)**

“*Mukkil (Plasma cloud) shall be considered as the “**ORIGIN POINT**” of all matters such as snow, hydrogen, ozone, nitrogen, carbon, oxygen, Acid rain, Ocean water, petroleum products etc.*”

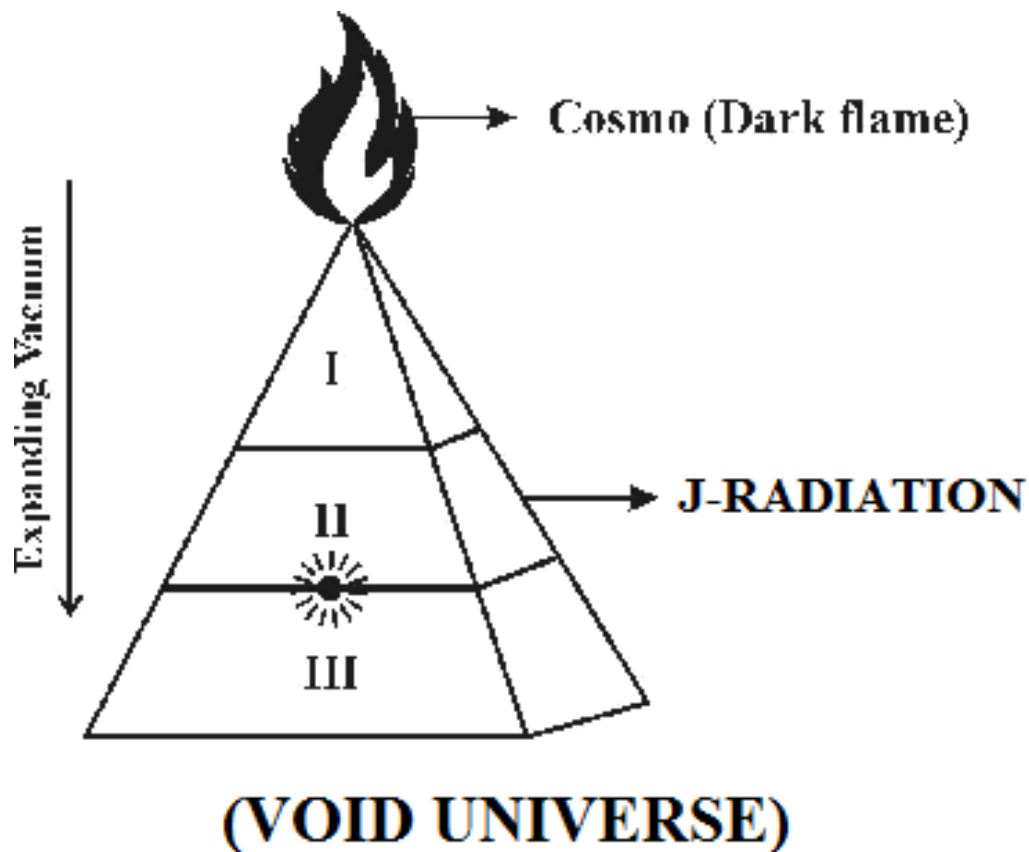

**-Author**

**2. Hypothetical Narration**

a) **Philosophy of Void Universe?...**

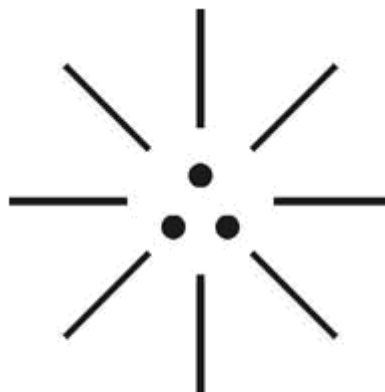

The void universe shall be considered as existence of universe before creation of matters. The whole Cosmo universe shall be considered like “**CLOSED TRIPOD CONTAINER**” having three distinguished regions **I, II, III** and energy transfer takes place among three regions through the “**Barrier**”. The barrier shall be considered as under “**equilibrium state**”. The dark flame shall be considered as source of infinity level of dark matter, dark energy required for creation and sustainability of matters.

**b) Philosophy of White Revolution?...**

The white revolution shall be considered as the stage when energy transfer takes place just like “**first breath of Human**” and thereafter continuing of Inspiration and expiration. The act of Inspiration Expiration shall be considered like a “**Pendulum Oscillation**” through **Black Hole, White hole**.

- i) Inspiration – “**Black hole**”
- ii) Expiration – “**White hole**”
- iii) Respiration – **Centre point at Barrier**

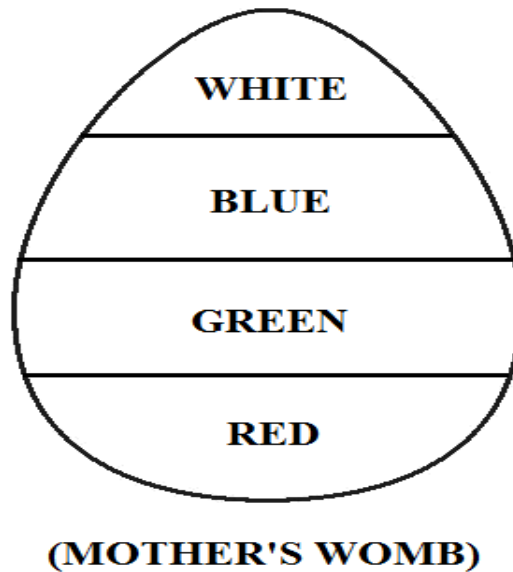

**c) Philosophy of expanding Universe?...**

The philosophy of Expanding Universe shall be considered as the relative position of **Sun, Earth, Moon** in three geological periods. The three different relative position shall be considered as three different

cosmic evolution say blue evolution, green evolution, red evolution when the initially created matters in Milky clouds shall be considered attaining **three genetic level** having distinguished structure, property, characteristics under different pressure, temperature, density conditions. These three distinguished regions shall be called as three distinguished “**galaxies**”. **UNIVERSE IS STILL EXPANDING?...** Yes... Yes... Yes... The universe is constantly expanding **Every hour... Every minute... Every second...**

**d) Mother’s womb is like galaxy?...**

It is hypothesized that the “**MOTHER’S WOMB**” shall be considered as **model expanding universe** having three galaxies and considers as expanding every second taking its **energy** from the inbuilt source. It is focused that three evolutions shall be considered taking place within mother’s womb in three “**TRIMESTER**” periods.

- i) White revolution – **Embryo stage**
- ii) Blue evolution – **1<sup>st</sup> trimester**
- iii) Green evolution – **2<sup>nd</sup> trimester**

*“The **HUMAN SEED** shall be considered as undergoing three evolution process within mother’s womb and finally giving beautiful **INFANT JACK FRUIT**”*

**- Author**

**e) 1<sup>st</sup> generation human do not have red blood?...**

It is focused that “**Human blood**” shall be considered as “**Neutrino Milk**” composed of proton, electron, photon. The modern human red blood shall be considered as 3<sup>rd</sup> generation “**RED MILK**” due to impact of **RED EVOLUTION**.

- i) White revolution – “**White Milk**” (Human origin)
- ii) Blue evolution – “**Blue Milk**” (1<sup>st</sup> generation)
- iii) Green evolution – “**Green milk**” (2<sup>nd</sup> generation)

*“**EVERY INFANT** during the growth within mother’s womb shall be considered as having three type of different colour blood say **BLUE BLOOD, GREEN BLOOD, RED BLOOD**”*

**- Author**

**f) Philosophy of Nuclear Ethnism, Casteism?...**

Case study shows that the Philosophy of ethnism refers to the belief that considered how human species to be divided into **various races** with shared traits, ability, personality, intelligence, cultural behavior

etc. In global level still in modern time the discrimination among **BLACK POPULATION, WHITE POPULATION** exist.

Casteism refers to a social system and the principle of grading the human society based on **CASTE**. In India the main caste has been classified with **DIFFERENT COLOUR** and classified under mainly four categories as stipulated below.

- (i) Brahman - **GOD**
- (ii) Kshatriva – **FC (Forward Community)**
- (iii) Vaisya – **BC (Backward Community)**
- (iv) Sudra - **SC (Schedule Cast)**

It is hypothesized that in prehistoric Tamil the different galaxy system in the material Universe might have been classified as four different regions of **LANDS (NILAM)**. The integral part of four lands might have been called as **NADU**. The Philosophy of English word **NATURE, NATION** might have been derived from the Philosophy of **NADU**.

- (i) Land origin – Milky way (GOD)
- (ii) Upper Land - Blue Galaxy (FC)
- (iii) Middle Land – Green Galaxy (BC)
- (iv) Lower Land – Red Galaxy (SC)

It is hypothesized that the Philosophy of Indian cast system might have been derived from the Philosophy of nuclear galaxies as stipulated below:

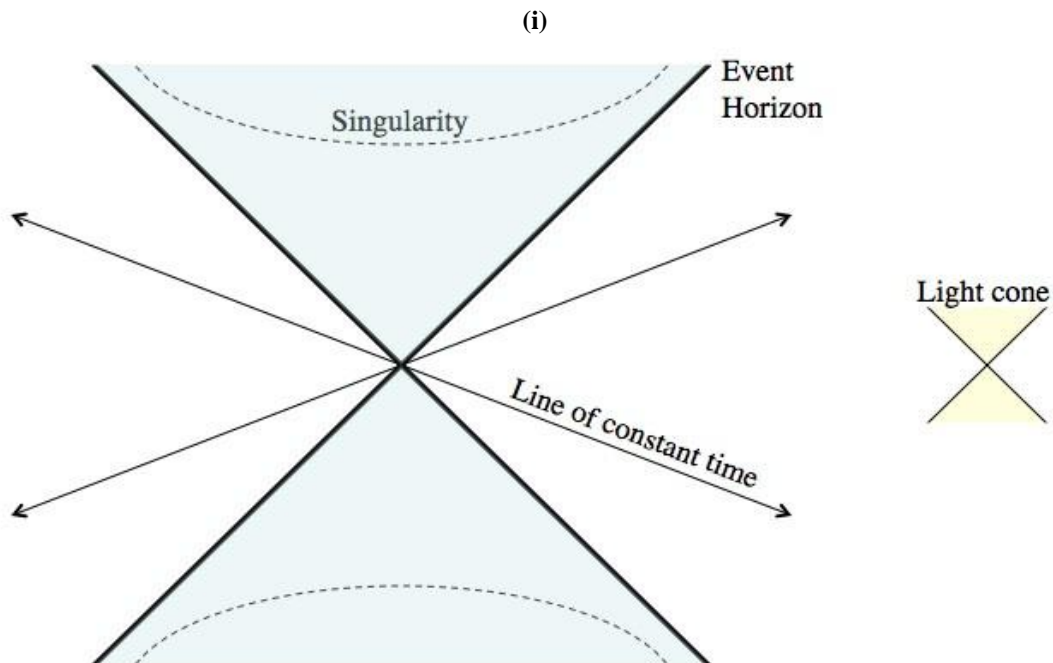

- (i) Brahman – Milky way (**GOD**)
- (ii) Kshatriva – Blue Galaxy (**FC**)
- (iii) Vaisya – Green Galaxy (**BC**)
- (iv) Sudra - Red Galaxy (**SC**)

**g) Case study on Quantum physics?...**

Case study shows that “**white hole**” is considered as hypothetical celestial object which expands outwards from a **space-time** and **emits energy** in the manner of time reversed **black holes**. The black hole is considered as a super dense region of space usually star which has become **so massive**. Further black hole is considered as a region of space having “**gravitational field**” so intense that no matter (or) radiation can escape.

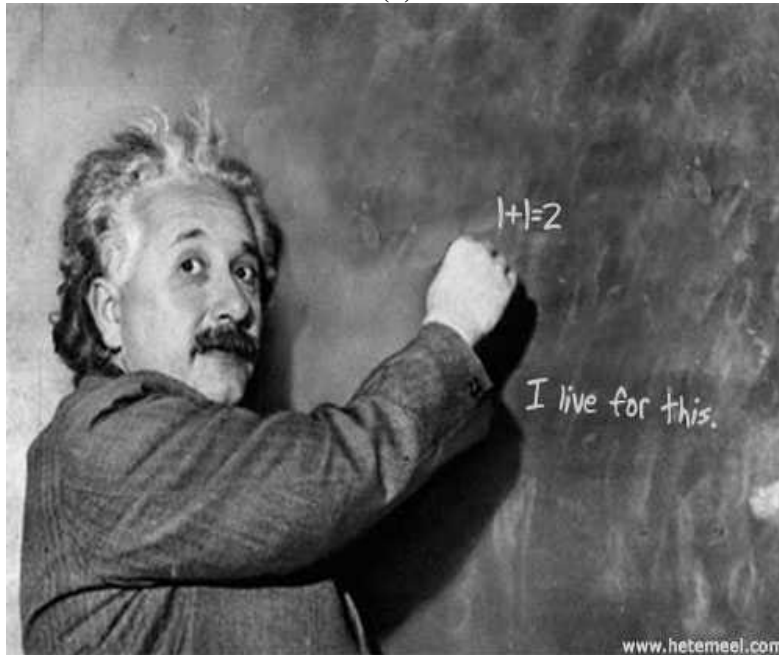

Study also shows that the milky way is considered as a **galaxy** contains the solar system consists of **millions of stars** that can be seen as a **diffuse band of light** stretching across the **Night sky**.

Further there are so many controversial theories focused about whether **white hole, black hole** really exist?...

**Spacetime gets seriously messed up near and inside of a black hole. To make the math easier, and to help make the situation easier to picture, the Kruskal-Szekeres coordinate system was created.**

(ii)

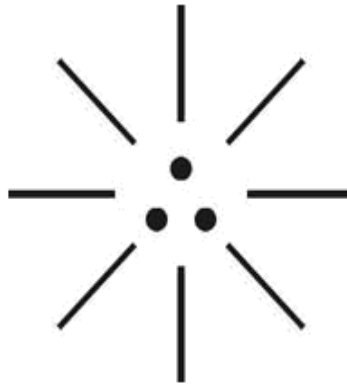

(I strongly believe Maths – Einstein)

“There is no escape from a black hole in classical theory, but quantum theory enables energy and information to escape”

-Hawking

#### IV. CLARIFICATION

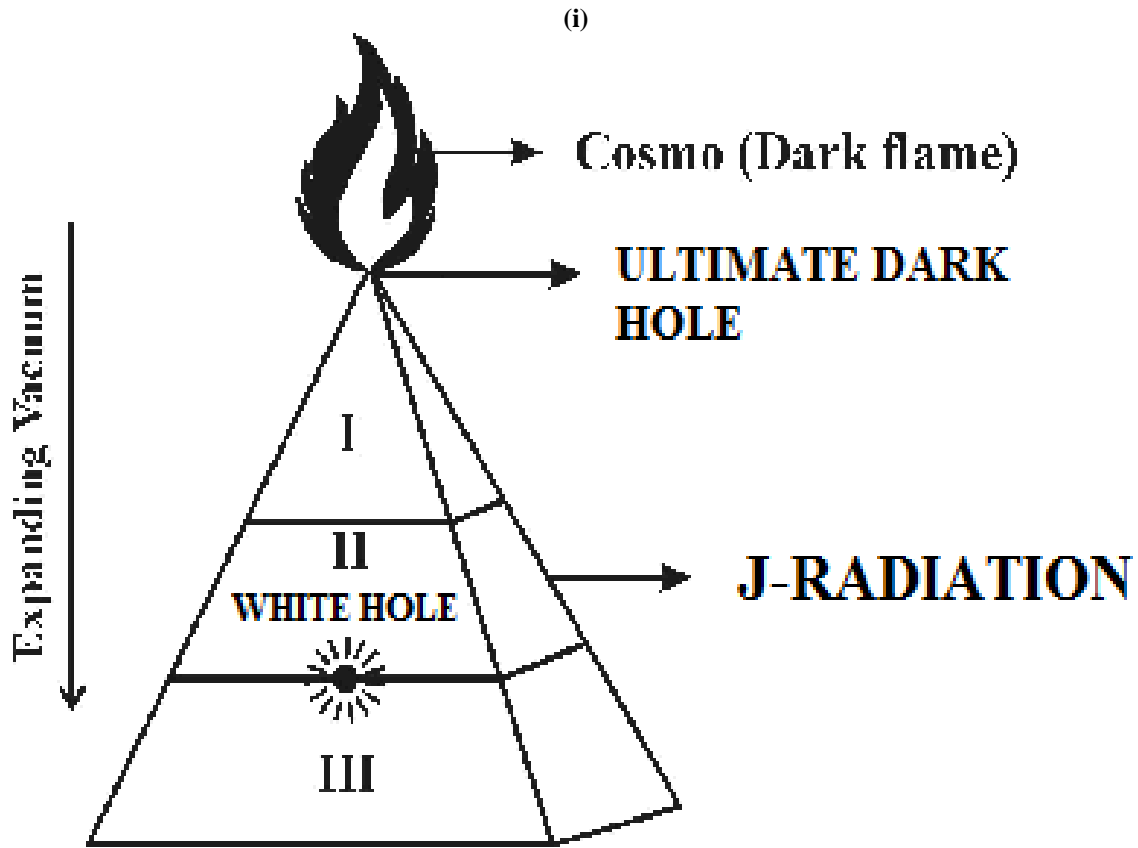

(A) It is speculated by the author that the prehistoric **Tamil Based Indian** (1<sup>st</sup> generation) shall be considered as expert in Astronomy, Astrophysics, Bio-science and formulated the Philosophy of universe and its characteristics with “**Three Tiny dot**” which shall be called as “**LAW OF UNIVERSE**”.

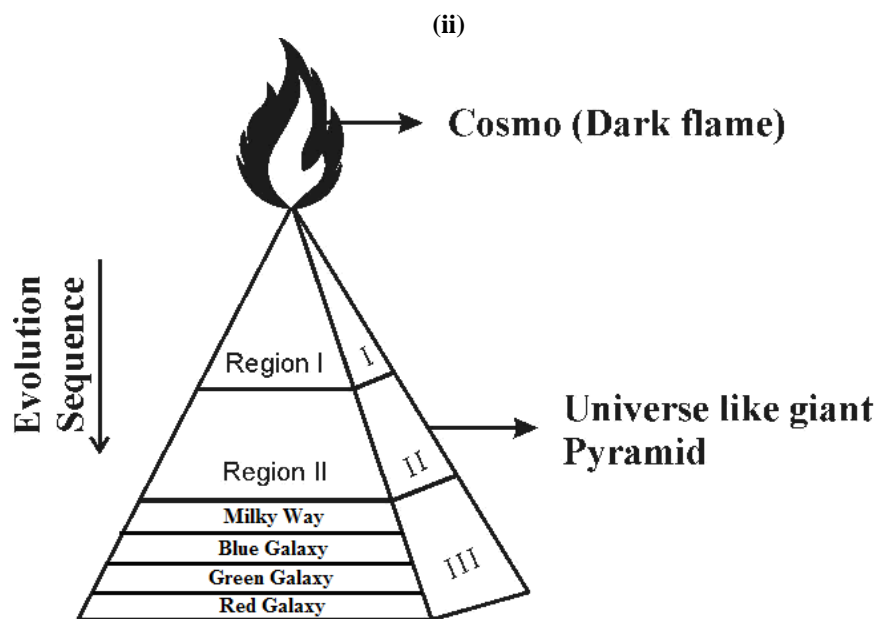

#### (LAW OF UNIVERSE)

- i) **Right dot** – Functional part of universe
- ii) **Left dot** – structural part of universe
- iii) **Centre dot** – Law part (genome) of universe

(B) Further it shall be focused that the three Tiny dot shall be considered as the “**Relative position of Sun, Earth, Moon**” and its characteristics shall be considered as “**inter dependent**” to one another. “**MARS**” shall be considered as the “**ENERGY TRANSFORMATION CENTRE**” where the neutrino particles gets **acceleration** which enable origin of first matter in the universe including all **1<sup>st</sup> generation planets**. In 2<sup>nd</sup> & 3<sup>rd</sup> generation so many species planets, matters might have been evolved from the fundamental matter. The energy transformation point shall be considered as the **WHITE HOLE** region.

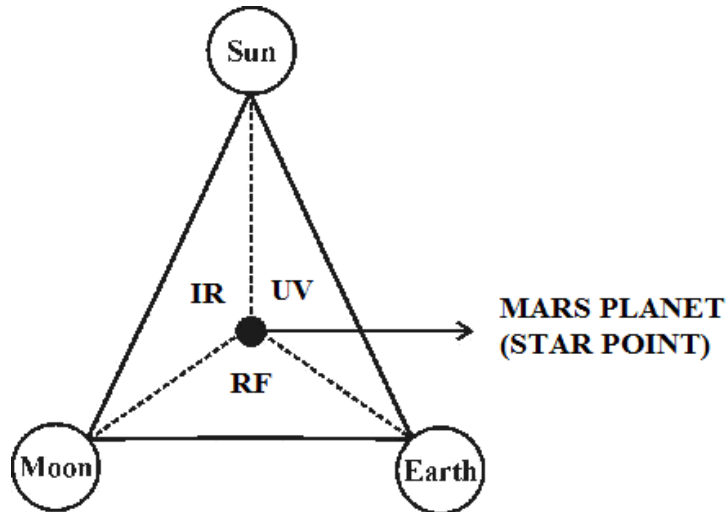

## (MODEL COSMO UNIVERSE)

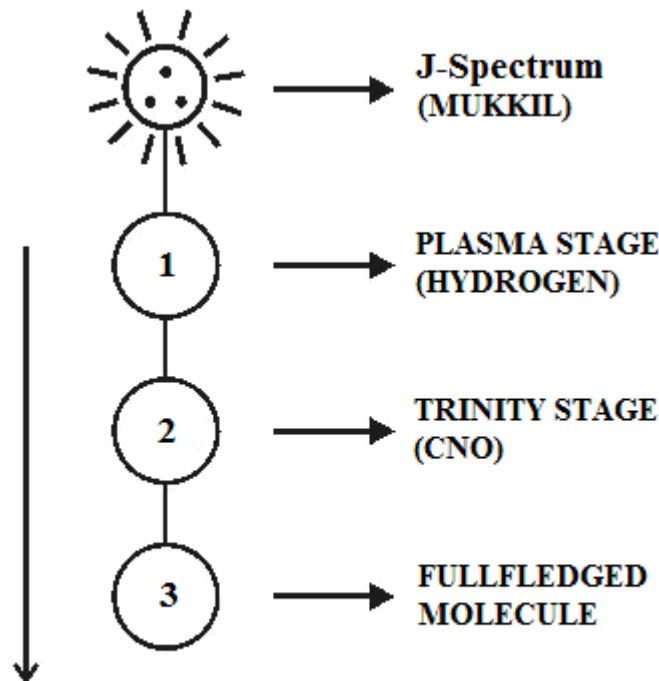

### (3G GALAXY)

(iii)

Further in the matter universe (**Region III**) all matters shall be considered as existing in different region of “**galaxies**” under natural electromagnetic spectrum called as **UV, RF, IR** with different properties and characteristics. The human made electromagnetic spectrum shall be considered existing as “**species**” to the fundamental natural electro-magnetic spectrum. The region I & II, of universe shall be considered as the region of existence of neutrino particles, anti-neutrino particles capable travelling more than the speed of light ( $3 \times 10^8$  meter/sec) and under strong “**Gravitational Binding**” to the Junction point of “**Dark Flame**”. The junction point shall be considered as the “**Ultimate Black Hole**”.

(C) It is hypothetically focused that all the matters in the Universe shall be considered as “**PLASMA STATE**” derived from **CREATED MATTER** and subsequently attains three stages of evolution say blue evolution, green evolution, red evolution. The initially created matter shall be considered as absolutely “**WHITE MATTER**”. The three evolutions shall be considered responsible due to impact of UV, RF, IR radiation in the Universe.

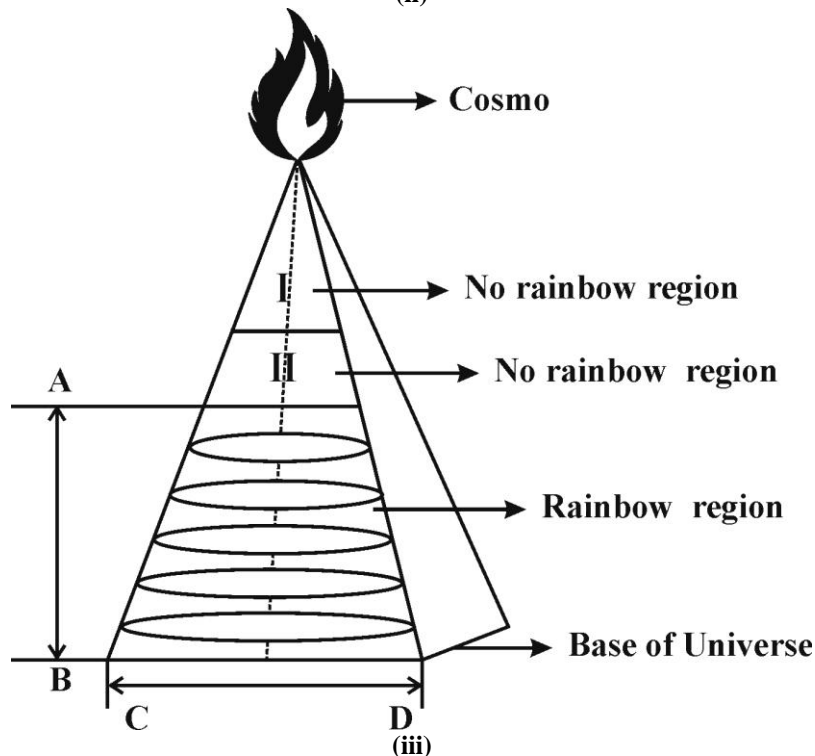

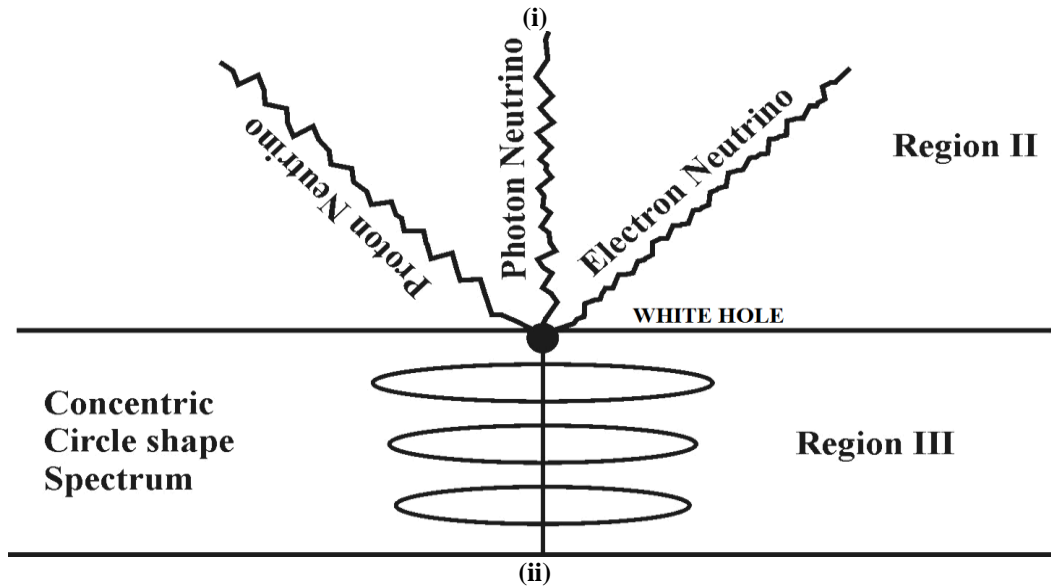

### (Three Stages of Evolution of Matter)

(D) It is further stated that all the planets, ocean, forest, sand, land etc of existence in four different colours such as white colour, blue colour, green colour, red colour shall be considered as evolved product in three generations and classified under three **distinguished family**.

Case study shows that scientist confirmed that the production of **white sand** is considered as produced by fishes in the tropical beaches. Just like **Hyams beach** in Australia for existence of white sand. This white sand shall be considered as naturally formed sand due to impact of J-Radiation. Green sand is considered as organic fertilizer contain deposit of minerals that were once part of ocean floor. The green sand shall also be called as Glauconite which is mixture of sand with bentonite clay, pulverised coal. The various type of soil such as blue soil, green soil, red soil might have been formed in three generations.

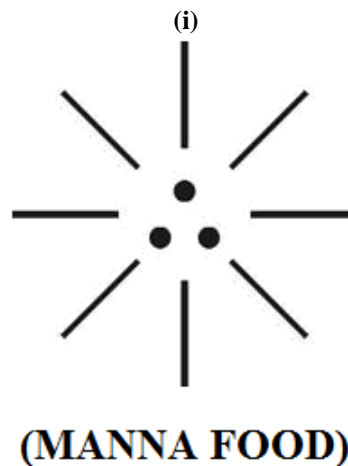

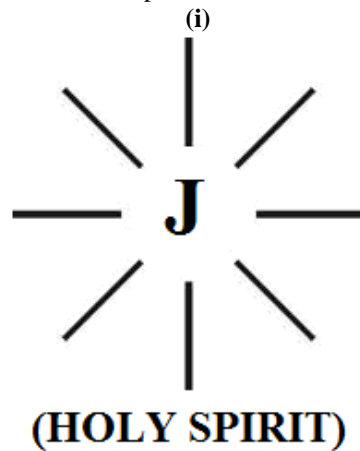

(E) Further is focused that in the material Universe the Philosophy of **WHITE HOLE**, acceleration of **J-RADIATION**, formation of various types of **RAINBOWS** is narrated as below.

- |  |                    |

| (v) Einstein may not be wrong; He probably began his experiment in Region-III vacuum; But Aether exists. | - Author           |

**h) Case study on Bible:**

From Biblical understanding the philosophy of “**HOLY SPIRIT**” shall be considered as the “**Mukkil**” which is considered as the “**origin point**” of all matter universe. Further the “**MANNA FOOD**” shall be considered as the “**HOLY WHITE BREAD**” composed of fundamental particles proton, electron, photon.

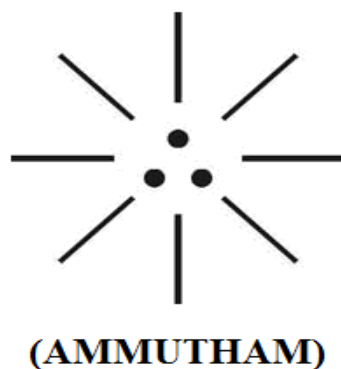

**i) Dr. Kurien is Father of White revolution?...**

It is focused that “**AKKILEN**”, the first Tamil based Indian shall be considered as the “**Father**” of white revolution responsible for 1<sup>st</sup> generation “**Neutrino Milk**”. Dr. Kurien shall be considered as the 3<sup>rd</sup> generation **INDIAN** responsible for white revolution of 3<sup>rd</sup> generation milk.

It is further speculated that the Philosophy of “**AMUL**” brand might be derived from the philosophy of prehistoric Tamil phonetics **AMMU BRAND, AMMUTHAM (NEUTRINO MILK)**.

- i) Ammu shall mean “**Neutrino mother**”
- ii) Ammutham shall mean “**Neutrino milk**”
- iii) Ammu shall mean “**Divine Music**” which enables growth of infant within mother’s womb and feeds Neutrino Milk.

The Philosophy of Ammutham shall be defined further within the following scope.

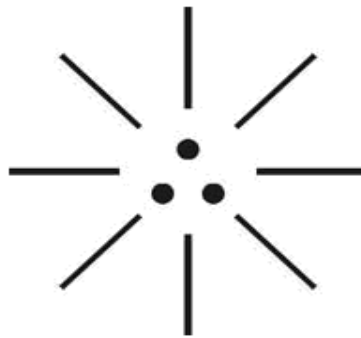

- a. Ammutham shall mean **Holy milk**
- b. Ammutham shall mean have **High immunity**
- c. Ammutham shall mean **Prevent Polio**
- d. Ammutham shall mean **Prevent Diabetics**
- e. Ammutham shall mean **Prevent Cancer**
- f. Ammutham shall mean **Prevent Heart attack**
- g. Ammutham shall mean **Prevent Baldness**

#### IV. CONCLUSION

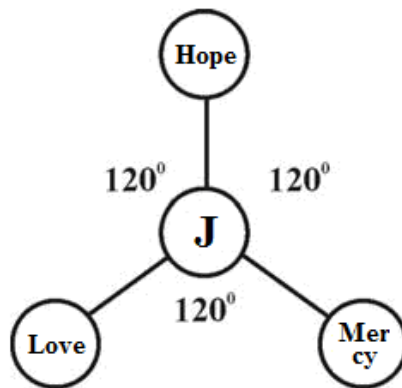

It is focused that the etymology of word “MILK” might be derived from the philosophy of “MUKKIL”. Mukkil shall be considered as the Highly nutrient food that every “INFANT” needs for healthy life from mother.

**(MUKKIL)**

(i)

The neutrino milk shall be considered as “LIFE TONIC” composed of LOVE, MERCY, HOPE. Love is like **physics**; Mercy is like **chemistry**; Hope is like **maths**.

**(AMMUTHAM)**
